Subject: I\\'m from Argentina. I\\'m a member of a local choir and one of the songs we are singing at present is \\'Balía di Sehu\\' by Etty Toppenberg. We have been looking for a translation of the lyrics of this popular song in the Internet but, up till now, we haven\\'t been successful. If by any chance you could provide us with a translation of this song (it could be into any of the following languages: English, Spanish, Portuguese or French)I would really appreciate your sending it to to the above e-mail address. Many thanks in advance for your help!
